HOOFLAND'S GERMAN TONIO Is a combination o all the ingredients of the Bit-ters, with the purest quality of Santa Cruz Rum Orange, dr., making one of the most pleasant and agreeable remedies ever offered to the public. Those preferring a Medicine free from Alcoholic

HOOFLAND'S GERMAN BITTERS. Those who have no objection to the combination of the Bitters, as stated, will use HOOFLAND'S GERMAN TONIC.

They are both equally good, and contain the same medicinal virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

The stomach, from a variety of causes, such as Indigestion, Byspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathizing as closely as it does with the btomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

Onstipation, Fiatulence, Inward Piles, Fulness of Blood to the Head, Acidsty of the Stomach, Nausea, Heart-burn, Disgust for Food, Pulness Weight in the Stomach, Sour Eructations, Sink-ing or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Dificult Breathing, Fluttering at the Heart, Choking or Suffeating Sensations when and Lying Posture, Dimness of Vision,
Dats or Webbs before the Sight,
Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Byes, Pain in the side, Back, Chest, Limbs, etc., Sud-don Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and Great Depression of Spirits. The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured from his investigations and inquiries possesses true merit, is skilfully compounded, is irse from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In this connection we would submit those well-known remedies.

HOOFLAND'S GERMAN BITTERS.

AND HOOFLAND'S GERMAN TONIC, PREPARED BY DR. C. M. JACKSON,

PHILADELPHIA, PA. Twenty-two years since they were first intro duced into this country from Germany, during which time they have undoubtedly performed more cures, and benefitted suffering humanity to a greater extent, than any other remedies known to the public.

These remedies will effectually cure Liver Com-plaint, Jaundice, Dyspepsia, Chronic er Nervous Debility, Chronic Diarrhea, Disease of the Kid-neys, and all diseases arising from a Disordered Liver, Stomach, or Intestines.

DEBILITY.

ins from any Cause whatever: Prostration o System, induced by Severe Labor, Hard-ships, Exposure, Fevers, &c.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tings is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE, And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS, or the TONIC, an elixir hat will instil new life into their veins, restore in a measure the energy and ardor of more youthful days, build up their shrunlen forms, and give health and happiness to their remaining years.

It is a well established fact that full one-half of he female portion of our population are seldom in he enjoyment of good health; or, to use their own expression, "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite. To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK AND DELICATE CHILDREN

Are made strong by the use of either of these rem edies. They will cure every case of MARASMUS without fail.

Thousands of certificates have accumulated in the hands of the proprietor, but space will allow of the publication of but a few. Those, it will be observed, are men of note and of (1321) anding that they must be believed.

FROM REV. JOSEPH H. KENNAED, D. D. FROM REV. JOSEPH H. KENNAED. D. D., Pastor of the Tenth Bartin. Church, Philadelphia Dr. Jackson—Dear Sir: I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoodand's German Bitters, I depart for once from my usual course, to express my full conviction that, for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.

Yours, very respectfully,

FROM REV. E. D. FENDALL, Assistant Editor Christian Chronicle, Phila.

I have derived decided benefit from the use of Hooffand's German Bitters, and feel it my privilege to recommend them as a most valuable tonic to all who are suffering from general debility or from diseases arising from derangement of the liver.

DR. RADWAY'S

RENOVATING RESOLVENT.

A NEW PRINCIPLE DISCOVERED.

ONE BOTTLE OF RESOLVENT IS RETTER THAN TEN LARGE BOTTLES OF THE ADVERTISED SARSPARILLAS, OR DI-RECT DIURETIC KEMEDIES.

Physicians wonder at the extraordinary power of RADWAY'S BENOVATING RESOLVENT in curing the worst forms of Scrofulous, Syphiloid. Chronic Skin Biseases, and its marvelous power in caronic Skin Piscases, and its marvelous power in resolving calculous concretions, affording imme-diate relief and consequent cure of Diseases of the Kidney, Bladder, Liver, Lungs, Pancreas, Spleen. Its rapid influence in the cure of Diabetes, Incontinence or scanty, turbid, albuminous, cloudy urine; its almost instant efficacy in stopping itching and painful discharge of urine, and its singular power in curing discharges from the Uterus and Urethra Leucorrhoea, Bloody Urine, and other unbealthy Leucorrhora, Bloody Urine, and other unleasthy and weakening discharges;—and inquire wherein the Barsaparallam used in the Renovating Resolvent differs from ordinary Sarsaparillam; Barsaparillam is the only principle in Sarsaparillam that possesses curative properties; all other parts of the root are inert and useless. One ounce of the extract obtained under Dr. Radway's new process for extracting the curative properties from vegeta-ble substances, contains more of the true principle of cure than 20 lbs. of the ordinary reots.

SARSAPARILLIAN is only one of the ingredients that forms this truly wonderful medicine, and it is the only compensating remedy that communi-cates its purifying, cleansing and reinvigorating properties through the BLOOD, SWEAT, URINE, and other secretions, securing a harmonious func-tional action of every deprayed organ and gland in the system. If the blood is corrupt, the Resolvent will make it pure. If the Lungs are ulcerated and sore, secreting thick phlegm, and prurelent matter, the Resolvent will loosen this deposit and repair the wasting lung with sound and healthy material. the wasting uning with sound and nearing material.

If the Skin is covered with pimples, spets, pustules, sores, ulcers, &c., the Besolvent will quickly remove these annoyances. If mercury is deposited in the bones and has accumulated in the system, the Resolvent will drive it out. If the throat or Bron-chial Glands are ulcerated, the Resolvent will cure these signs of an early waste. Direct rem sessing only exclusive properties, are hurtful, as they increase the functional secretions of one organ hence, a compensating remedy like the Resolven

Kidneys, and other organs in their natural and in their diseased condition. Every person in scarch of health, and desirous of preserving the same, should send for a copy, which will be sent free of charge, by remitting one three cent stamp for postage, to Eadway & Co., New York.

FIRST BOTTLE .- At the end of the first bottle ber strength, appetite and spirits were improved, and the small pimples, blotches, pustules, disappeared. Applying the Besolvent over the surface, with a fine sponge, relieved the inflammation and itching, and served as a reliable antiseptic in cleansing and purifying the putrid flesh.

SECOND BOTTLE.—At the end of the second bottle, signs of improvement in the discharges from the uterus, inflammation, pain and swelling abated, the skin greatly improving, the eyes growing brighter, strength and appetite increasing. THIRD BOTTLE.—Dry scabs on the scalp, and sores on the arms, and incrusted scales of the hands, gradually disappearing, leucorrhea greatly iessened, water becoming clear, and kidneys and biadder improving.

FIFTH BOTTLE—Finger nails growing, hands and arms clear and smooth, hair growing on the scalp, bowels regular, and skin free from irritation, face clear of sores.

SIXTH AND SEVENTH BOTTLES.-Ulcer on the neck greatly improved, leucorrhea discharges stopped, menetruation regular, pain of the abdoma a, irritation in the uterus, bladder, and kidneys stopped, face clear of all spots, hair covering the scalp, great increase of flesh, spirits buoyant, step clastic, and appetite good.

NINTH BOTTLE.—All signs of disease gradually disappearing, frequent rides in the Park, great improvement in personal appearance, hair continuing to grow rapidly, skin smooth and clear, and the ulcer in the neck healed.

TWELFTH BOTTLE—Continuing the Resolvent after all eruptions had disappeared, she gained in flesh and personal beauty. Jo more trouble in the uterus, kidneys, etc. Bowels regular, digestive organs regular, blood pure, her nails perfect, hair grewing lumuriant, spirits excellent, ase exhibited to her friends a picture of health and beauty.

For six months after the use of the swelfth bottle, she continued taking three teaspoonsful of the Re-selvent per day, and two of the Pills times times a week."

week."

In this wenderful cure a lesson may be learned in regard to the irue means of securing personal beauty. Good pure rich blood will make healthy fibre and clear skin, beautiful complexion and luxuriant heir. Cosmetic powders, painting the skin with brushes, applying greasy substances, and alcoholic lotions to the hair, are injurious. The paint powder, &c., clogs up the pores, obstructs the free secape of sweat and insensible perspiration, thus preventing the absorbtion of oxygen in the atmospheric air, so essential for the vitality and purification of the blood and fluids of the skin, &c. Pure blood is secured by the Resolvent, and all who are this medicine will enjoy the boussession of its bleasings. R. E. Resolvent is sold at \$1 per bettle at No. \$7 Malden Lane, N. Y., and by Draggiets everywhere. Six bottles for \$5.

Dear Bire: My youngest daughter, aged five years has been dreadfully afflicted with Scrofula nearly all her life. I tried a great many Physicians, but without relieving her much; in fact, most of them said there was no hope of cure. During the last spring she was worse than ever, her body and limbs being covered with sores and blotches—with face and eyes badly ulcerated and swollen. Whilst in this condition, I was advised by Dr. L. A. Stith to try your Rosadalis. I at once procured three bottles, and commenced giving it to her. The effect was magical. In less than a month. to my great astonishment, she was entirely well. I am, sir, yours, with much respect and gratitude.

Sherman in Court in consequence of the information obtained at such preliminary examination; that the said publication implied certain scandalons preceedings on the part of the Managers and members of the House; and that such reports should not be permitted to pass without investigation; and authorizing the appointment of a special committee of three to investigate the truth of the allegation in the paragraph referred to.

investigate the truth of the allegation in the paragraph referred to.

The Speaker ruled that this was not a question of privilege.

Mr. Phelps said it was a new point, and he asked the ruling of the House upon it, and the House decided by a vive voce vote that it was not to be intended as a question of privilege.

On motion of Mr. Driggs, (Mich.,) the Post Office Committee was directed to inquire into the expediency of reporting a bill extending the franking privilege to the heads and members of such Foreign Legations in the United States whose Governments extend the same privileges to American Ambassadors in Foreign States.

THE TRIAL OF JOHN MCCARTY FOR MUR-DER.—The trial of John McCarty, removed case from Baltimore county, charged with the mur-der of Ruth Lankford, on the 4th of July last, by shooting her, was commenced yesterday in the Criminal Court, Hon. Judge Gilmore. The alleged murder occurred upon the Library the Criminal Court, Hon. Judge Gilmore. The alieged murder occurred upon the Liberty road, at a point about four miles from the city. The following gentlemen were sworn as jurors to try the case: John T. Sullivan, Charles M. Rogge, Samuel McK. Read. F. T. McKinly, James Warden, Lewis E. Bailey, John Black, Spencer L. Grance, James D. Smith, Robert Francis, Robert G. King, and John Levine. The evidence on the part of the State, which will be found in full in the regular proceedings, was concluded, except that of an absent will be found in full in the regular proceedings, was concluded, except that of an absent witness, if brought in, is to be examined this morning. The evidence for the defence will be heard this morning, and it is probable the case will be concluded to-day. The prisoner is a young man about twenty-one years of age, and is rather prepossessing in appearance. He pays close attention to the progress of the trial. The court room was crowded with spectators, who manifested considerable interest in the proceedings.—Baltimore Gazette, 21st.

Drew, of the Erie road, had been arrested, as he could not be found at his temporary office in Jersey city. It is now announced that he has gone on a visit to Madison College.

The Erie Railroad bill in relation to the late sale of stock has passed both branches of the New York Legislature, and is now proclaimed a law. This is considered as a triumph of the Drew party. The bill passed the House yesterday by a vote of fol to 5. Commodore Vanderbilt, it is said, sent a despatch to Albany, saying he was not opposed to the bill. The whole thing is looked upon as a speculation between the two railroad giants.

When the plant reaches a sufficient size the stem is tapped, and the juice exudes into a small vessel. Much juice was at first lost, owing to rain, but the plants are now pulled up and placed under cover, with the roots in water. They can then be tapped advantageously.

The New Riples.—The new Chassepot rifle has cost the French army twenty million dollars thus far. Egssia, for the Remierton rifle, has paid twenty-two million dollars, and Austria sixteen million. Great Britain has peid thirteen million dollars for the new Snider rifle. Its first cost is less thu that of the Chassepot, but it is ultimately dearer, owing to the expense of its cartridges.
